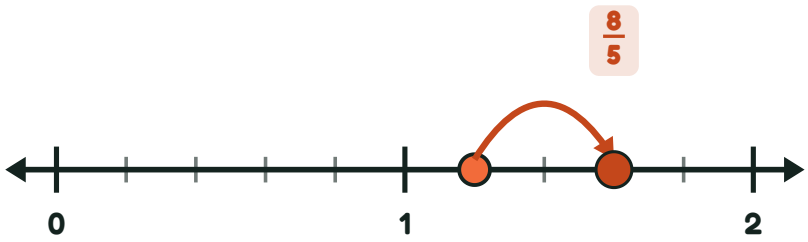
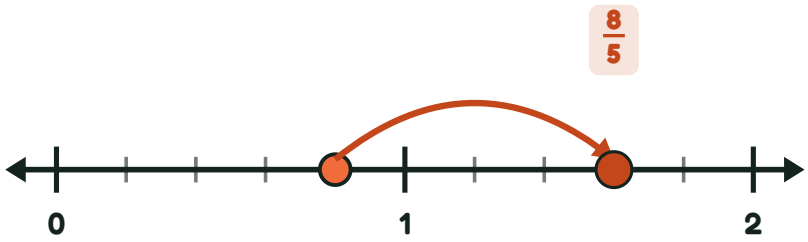
Answer key The answers are filled in.

1 Start at $\frac{6}{5}$ and make one hop of $\frac{2}{5}$ to the right. Where does the hop land? Draw a dot.



2 Start at $\frac{4}{5}$ and make one hop of $\frac{4}{5}$ to the right. Where does the hop land? Draw a dot.



3 The dot shows $\frac{6}{4}$. Where is $\frac{6}{4} + \frac{1}{4}$ on the number line? Draw a dot.

4 The dot shows $\frac{6}{4}$. Where is $\frac{6}{4} - \frac{1}{4}$ on the number line? Draw a dot.
