Answer key The answers are filled in.

1

How many small squares are in this rectangle? **6**

2

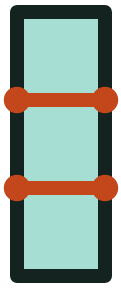

Tess adds the rows of squares. Which number sentence does Tess write?

Check one:

- ☐ 5 + 5 + 5 + 5 + 5 = 25
- ☐ 5 + 3 = 8
- ☐ 3 + 3 + 3 + 3 = 12
- ☑ 3 + 3 + 3 + 3 + 3 = 15

3 Split this rectangle into 3 rows and 1 column. Make every piece a square of the same size.

4 Draw lines to split the rectangle into 3 rows and 4 columns of same-size squares.
