Answer key The answers are filled in.

1 Finish the shape. Make the dashed line a line of symmetry.

2

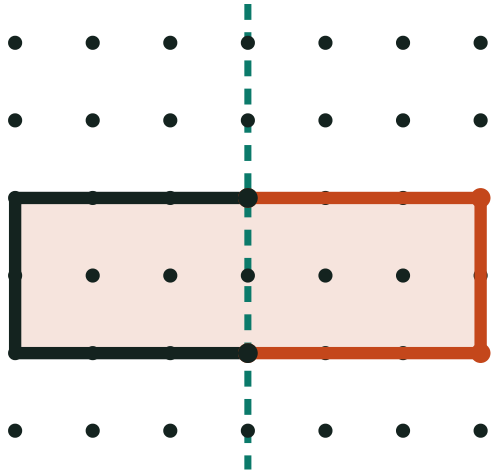

Fold this shape on the dashed line. Does one part land exactly on the other?

Check one:

- [x] **Yes. One part lands on the other.**
- [ ] **No. One part does not land on the other.**
- [ ] **No. Only an up-and-down line works.**

3 Finish the shape so the dashed line is a line of symmetry.

4 Finish the shape. Make the dashed line a line of symmetry.
